RACKET & BALLS SET

"An amazing bargain. Highly recommend this starter set for beginners, for people who need a set to play with friends, and for those who haven't had time to pick out their good paddle yet."

Let the balls go back and forth with our Racket & Balls Set. Sometimes, you have a net set up, but sadly, not the paddles or balls to use. For whenever that happens, our equipment duo here helps you get up and ready for game time.
