

# PROTECTIVE GLOVES

*"I've used these for a couple days while wade fishing on the Texas coast and no complaints. No sunburned hands or wrists during what would have otherwise been a rough trip. We will see about longevity but so far it's a good product."*

Protect your hands! A lot of people neglect their hands when doing different activities, and end up with painful blisters and wounds. Most of these could have been avoided by using protective gloves. Like these. An offer not to be missed!
