

BARBED WIRE BRACELET

"I got this bracelet because I really liked the barbwire look. It's a sweet addition to the collection. Unisex. Versatile. Adds a punk flare to a more "normal" look. Good buy at good price."

Barbed wire symbolizes restrictions, limits, and absence of freedom. But make it look golden, and add some shiny stones to it? Quite a statement! But all the messages aside, it looks good with any outfit and shines mesmerizingly.
