

# CHAIN BRACELET

*"I have been wearing this non-stop for weeks. It went with me on a beach vacation, in the pool and the ocean. This piece is lightweight, solid, and looks great. I haven't taken it off once."*

Are you tired of the regular bracelets? They're cute, no doubts, but what if you want something a bit spicier, a bit more fun, but not too extra? This bracelet is just for this situation! Interesting, tasteful, though not over-the-top.
