

MONEYBAG PENDANT

"This is a genius piece of art! This was exactly what was in the picture and looks great. Very nice piece with brilliant shine (the shine on it is blinding) and always gets complimented!"

With this pendant, you can show how much you adore money and irony! It's tiny, gleaming, and super adorable. It doesn't appear to be very serious. The accessory is an ironic expression of gratitude for the materialistic part of our lives.
