

BRUSH CLEANING SPONGE

"This speeds up my makeup routine. It's amazing how something as simple as a black sponge in a tin can cut my time in half. It works great! Love, love, love it! Totally recommend!"

The Cleaning Sponge removes powders from brush bristles, allowing you to switch the shades or even products right away. Start your makeup with any product you like, then effortlessly switch to another one. This Sponge is definitely a game-changer!
