

# CAR SIDE-MIRROR RAINPROOF STICKERS

*“These were easy to install and they are truly a game changer! Now I don’t have to stop when it starts raining. The stickers keep side-mirrors clear providing 100% visibility on the road. I totally recommend these to any driver!”*

While our windshields have wiper blades, our side mirrors do not. So, when it rains, you may find your side mirrors to be blurry. Our Side-Mirror Rainproof Stickers are a great add-on that helps repel water for better driving on wet days.
