

INFLATABLE CAR AIR MATTRESS

"I travel with my little son a lot, we usually had to stop in some motels, and usually it wasn't really good. Now it's not a problem, we've tried it a couple of times, it's very comfortable. Both of us have enough space."

Boost rider comfort on long journeys with this inflatable mattress (which comes with all the tools you need). Crafted from PVC plastic and flocked cloth, it is the solution to upgrade that backseat to a comfy bed space.
