

10W WIRELESS-CHARGING PENGUIN PHONE HOLDER

"I was really impressed on how fast it charged my phone. Also, it is still holding up really good with no issues like I have seen in the past with other car wireless chargers."

Tackle following navigation yet keeping your phone on enough battery with this go-it-all auto accessory. As long as your phone is compatible, this wireless charging holder can solve your behind-the-wheel frustrations with technology.
