

SLIM 10W WIRELESS CHARGING PAD

"This thing is amazing. Why did I not buy it before?! It's so easy to use; setup was almost instant and now that it's set up, every time I set my phone down on my desk I can charge a bit."

You'll love the sleek, modern convenience of this Slim 10W Wireless Charging Pad. It can sit on home office desks to bedside tables and kitchen countertops for an at-the-ready device-charging solution. Convenience where you need it!
