

BABY FORMULA CONTAINER WITH SPOON

"This is a great size. It holds a lot of formula and it's small enough to fit in my bag. Much better than the other brands and stays closed, unlike the other one I tried. Totally recommend it for moms!"

Make sure your baby is always ready to be fed by bringing this formula container with you wherever you go. Incredibly convenient to carry with you in a purse, bag, or even by its handle. Perfect gift for families with newborn babies.
