

CROCODILE BITING TOY

"I bought this for my son's 5th birthday. The teeth don't come out, you need to push them down. It was a huge hit! And there's no mess to clean up or small parts to keep track of. Even the adults were playing!"

Spice up your and your kid's everyday life! It teaches them curiosity, trains the reaction, and gives them an unforgettable kind of fun. It's not scary nor painful, but it can excite even the most serious adults. Have fun!
