

# TOY MEDICAL KIT

*"My 4 year old loves this kit! It has everything a kid could want. I really like how much they put in here and how great the quality is. The hinges were a little tough for him to open and close by himself at first but he's figured it out."*

Support your kid's interests with this kit! Are they curious about being a doctor? Do you want them to overcome the fear of doctors? The amazing kit for having fun while getting educated and developing the basis for future achievements!
