

CLOTH COW DESIGN STEERING WHEEL COVER

"Absolutely love it! This steering wheel cover is so soft! It's stretchy, so it'll most likely fit your vehicle. The inside is also a little rubbery, so no slipping! Super cute, tight fit, easy to install. Would definitely recommend it!"

Boost driving comfort and hold with this wheel cover. If you feel bare steering wheels are too slippery (or sticky), add a touch of soft with this fun, moo-tastic accessory. Enjoy this cow-inspired design with horns for an added laugh!
