

FOLDABLE ALUMINUM SUN SHADE

"This sun shade hits on all cylinders! It's quick and easy to install, and it seems to be very effective in sunblocking. And due to its thinness, it folds quickly into a small bundle, which is great for storing. Would highly recommend it."

Your car turns into a sauna on summer days? Then it needs to cool down, and you need to invest in a powerful sunblocker. Let our Foldable Aluminum Sun Shade do the job! Our simple shade helps get the job done with no fuss or hassle.
