

LUXE BASE AIR VENT PHONE MOUNT

"This adjustable mount is a great way to keep my phone in the right place for navigation, music, etc. The clips for attaching to the air vents are the best design I have seen on the market. It's simple, but really locks on well. Great quality!"

The triangular shape of this phone holder allows for stable balance of the weight of a smartphone, for complete hold and control of the device, even in the event of hard brakes and stops. Easy installation and perfect compatibility!
