

Pink Backseat Organizer For Kids

Driving with children is a TASK. The kid needs to eat, or play, or they have nowhere to put the snack wrappings, or they can't reach something, or you can't be bothered.

Simplify it with the loveliest organizer! The organizer has 5 pockets of different sizes, a pocket with the zipper, and a big stretchy mesh pocket. Everything your child might possibly need can fit this organizer. Works as a trash bin as well.
